

The 20 mile route starts at the Pavillion and follows a 3.5 mile loop past the Cabin, east on the South Powerline to the Orange Trail and back on the Red Trail to the Boldlygo Trailhead. Then the route follows the entire 9.5 mile length of the Boldlygo singletrack trail. After completing Boldlygo, the route pops out onto the South Powerline Trail for .5 miles and then takes a left turn on Venice-Arcadia Grade (V-A Grade) to the Sag Stop at about 13 miles. The route then backtracks on V-A Grade to the South Powerline and continues on a grassy section to the south end of V-A Grade. The route continues past the Rusty Truck to the Orange Trail and follows the Red Trail back to the Pavillion.
